UV-Inspector 2012 Standard	Art. no. 142.200.416	
Operation voltage	18 V / 2 A lithium ion accumulator	Suitable for applications in: <ul style="list-style-type: none"> • Non-destructive testing • Quality control • Criminalistic investigation
UV source	4 UV LED	
Operation lifetime of LED	approx. 10,000 operating hours	
UV intensity at a distance of 400 mm	approx. 3,000 $\mu\text{W}/\text{cm}^2$	
Irradiation area at < 1,000 $\mu\text{W}/\text{cm}^2$	Ø approx. 200 mm	
Wave length	365 nm	
Emission half width	approx. 9.0 \pm 1 nm	
Total weight	approx. 1.2 kg	
Dimensions	150 x 80 x 270 mm	
Risk class acc. to DGZfP Guide EM 6	II	

Scope of delivery

- Hand lamp incl. lithium ion accumulator
- Battery charging device
- Plastic case
- UV protective eye glasses
