

# LED LENSER®-P7R

## Powerful LED pocket lamp

Lenser®-P7R LED pocket lamp is convincing by sophisticated energy management:

- Comfortable **Floating Charge System** with rechargeable battery (therefore essential lower CO<sub>2</sub> emission during production and transportation)
- Display of actual charge status of the battery
- Warning in the case of low battery charge level
- **Intelligent light control:** high light power for short or low light power for extremely long operation period

LED LENSER®-P7R		Art. no. 142.200.155
LED configuration	1 x High End Power LED	Further attributes: <ul style="list-style-type: none"> <li>• Optimised ergonomic design</li> <li>• Fast focussing with one hand</li> <li>• Fixing of actual focus (Focus Lock)</li> <li>• 3 light programmes</li> <li>• 1 end cap switch</li> <li>• Lighting range up to 210 m</li> <li>• Light current up to 1,000 lm</li> </ul>
Light current	20 lm - max. <b>1,000 lm</b>	
Lighting range	40 m - max. <b>210 m</b>	
Lighting duration	max. 2 h with high light power min. <b>40 h</b> with low light power	
Power supply	1 x lithium ion battery	
Length	166 mm	
Diameter of head	37 mm	
Weight incl. battery	210 g	
Protection class	IPX4 (protection against splash water)	

### Scope of delivery

- Pocket lamp incl. lithium ion battery
- Floating Charge System
- USB cable
- Operation manual
- Warranty card
- Belt bag and und hand strap
