

## Test Case for Magnetic Particle Testing

Art. No.: 131.500.100

The standard version of the test case contains:

- UM-9-230 hand yoke
- Flexible poles for hand yoke UM-9-230
- Inductive light sources for hand yoke
  - Flexible poles
  - UV LED source
- Pocket lamp UV-Inspector 365
- Aerosol test medium and cleaner
  - Magnetic powder suspension NRF 101 (fluorescent)
  - Magnetpulversuspension NRS 103 (black)
  - Background paint 104 (white)
  - Special remover NR 107 for background paint
- Combined UV-intensity and luxmeter
- Magnetic field meter MP-1000 with
  - Tangential probe
  - Calibration standard
- Reference block No. 1 acc. EN ISO 9934-2
- Reference block No. 2 acc. EN ISO 9934-2
- Magnetic field indicator acc. to Berthold with certificate
- Magnetic field indicator D 250 with certificate
- Magnetic field indicator Burmah-Castrol Type I
- Magnetic field indicator Burmah-Castrol Type II
- Centrifuge tube acc. ASTM with holder
- 10 pieces docu-films black
- 10 pieces docu-films white
- 10 pieces cleaning towels SCRUBS
- UV protection glasses
